OFFICE OF THE UNIVERSITY REGISTRAR & ACADEMIC SENATE

ACADEMIC QUALITY ASSURANCE, EXAMINATIONS & STUDENT WELFARE GOVERNANCE FRAMEWORK

COURSEWORK, CONTINUOUS ASSESSMENT, AND EXTENSION REGULATIONS

Document Code:	**POL-ACAD-CW-03**	**Version & Status:**	Version 3.0 (2025 Mandatory Senate Revision)
Effective Date:	01 January 2025	**Supersedes:**	Sections 5.3 & 5.4 of Legacy Student Handbook (HBK-ACAD-PR-05 v1.8, 2023)
Approving Body:	University Senate & Curriculum Assessment Board	**Linked Policies:**	POL-ACAD-EX-01, POL-ACAD-AT-02, POL-MED-WF-04, HBK-ACAD-PR-05

SECTION 1: GOVERNANCE OF CONTINUOUS ASSESSMENT AND DEADLINE INTEGRITY

Clause 1.1 (Scope of Continuous Assessment Regulations): This policy governs all non-examination coursework and continuous assessment components, including individual written assignments, programming repositories, design portfolios, laboratory reports, in-class tests/quizzes, group project deliverables, and coursework viva voce defenses.

Clause 1.2 (Supersession of Legacy 2023 Extension and Penalty Rules): Effective 01 January 2025, this policy (POL-ACAD-CW-03 v3.0) explicitly supersedes Clauses 5.3 and 5.4 of the 2023 Student Handbook (`HBK-ACAD-PR-05` v1.8). Specifically: (a) the legacy rule permitting individual lecturers to grant 21-day extensions is revoked and replaced by the **Three-Tier Extension Framework (maximum 14 calendar days)** in Section 2; and (b) the legacy late penalty of 2% per day up to 10 days is revoked and replaced by a strict deduction of **five percent (5%) per working day up to 5 working days** in Section 4.

COURSEWORK EXTENSION DEFINITIONS (PART A)

- **Tier 1 Extension (1–3 Working Days):** Short-term extension approved by the Module Leader via Form EXT-03A for acute minor illness or outpatient consultation.
- **Tier 2 Extension (4–7 Working Days):** Standard medical extension approved by the Head of Department via Form EXT-03B with CMO-verified SLMC certificate.
- **Tier 3 Extension (8–14 Calendar Days):** Maximum extension for inpatient hospitalization (e.g., 10-day admission) approved by Faculty EC Panel via Form EXT-03C.

COURSEWORK EXTENSION DEFINITIONS (PART B)

- **Deferred Coursework ('I-Med-CW'):** Granted when hospitalization exceeds 14 days, deferring submission to the inter-semester Supplementary Assessment Window.
- **Retrospective Hospitalization Rule:** Allows hospitalized students unable to apply before a deadline to file Form EXT-03C within 3 working days after hospital discharge.
- **Late Penalty Cut-Off (Day 5):** Any unextended submission more than 5 working days late receives an automatic mark of 0% (Fail).

SECTION 2: THREE-TIER MEDICAL COURSEWORK EXTENSION FRAMEWORK

Clause 2.1 (Tier 1 — Short Medical Extension: Up to 3 Working Days): A student experiencing an acute short-term medical illness immediately preceding a coursework deadline may apply to the Module Leader using **Form EXT-03A** for an extension of up to **three (3) working days**. The application must be accompanied by an SLMC-registered medical practitioner's certificate covering the deadline period.

Clause 2.2 (Tier 2 — Standard Medical Extension: 4 to 7 Working Days): Where medical incapacity spans four to seven working days, the student must submit **Form EXT-03B** to the Head of Department together with an SLMC Medical Certificate countersigned by the University Chief Medical Officer (`Form MED-04-CLR`). Individual Module Leaders have no authority to approve extensions exceeding 3 working days.

Clause 2.3 (Tier 3 — Exceptional Hospitalization Extension: 8 to 14 Calendar Days): Students who are hospitalized as inpatients (for example, a **10-day hospitalization**) or suffer severe debilitating trauma may apply to the *Faculty Extenuating Circumstances (EC) Panel* using **Form EXT-03C** for an extension of **eight (8) to fourteen (14) calendar days** beyond the original deadline (or 10 working days from hospital discharge, whichever is later). If medical incapacity prevents submission beyond 14 calendar days, the assessment is converted to *Deferred Coursework (`I-Med-CW`)* to be submitted during the Supplementary Assessment Window.

Table 2.1: Three-Tier Coursework Extension Governance Matrix (2025 Senate Regulations)

Extension Tier	Permitted Duration	Approving Authority	Application Form	Mandatory Medical Evidence Required (POL-MED-WF-04)
Tier 1 (Short)	1 to 3 Working Days	Module Leader / Coordinator	Form EXT-03A (LMS Portal)	SLMC-Registered Medical Certificate covering the deadline week
Tier 2 (Standard)	4 to 7 Working Days	Head of Department (HoD)	Form EXT-03B + LMS Upload	SLMC Medical Certificate + CMO Verification Slip (Form MED-04-CLR)
Tier 3 (Hospitalization)	8 to 14 Calendar Days	Faculty EC Panel Chair	Form EXT-03C + Welfare Dossier	Inpatient Hospital Admission & Discharge Summary + Form MED-04-CLR
Deferred Coursework	> 14 Days (Supplementary Window)	Senate Examinations Board	Form EC-01 (Grade: I-Med-CW)	Extended Hospitalization Dossier (>14 days) + Consultant Report + Form MED-04-CLR

SECTION 3: EXTENSION APPLICATION TIMELINES AND RETROSPECTIVE HOSPITALIZATION EXCEPTION

Clause 3.1 (Standard Pre-Deadline Application Rule — 24 Hours Prior): Under normal outpatient circumstances, all coursework extension requests (`Form EXT-03A/B`) must be submitted via the LMS Coursework Extension Portal at least **twenty-four (24) hours prior** to the published submission deadline (typically 23:59 on the due date).

Clause 3.2 (Emergency Inpatient Hospitalization Exception — Retrospective Filing Within 3 Working Days of Discharge): The University recognizes that a student admitted to hospital as an emergency inpatient (e.g., hospitalized for 10 days across an assignment deadline) may be physically unable to apply 24 hours prior to the deadline. In such cases, a **Retrospective Extension Application (Form EXT-03C)** is explicitly permitted, provided that:

Sub-clause 3.2.1 (a): The Official Hospital Admission & Discharge Record proves the student was an inpatient on or immediately prior to the coursework deadline date; AND

Sub-clause 3.2.1 (b): The student submits `Form EXT-03C`, the Hospital Discharge Summary, and CMO verification (`Form MED-04-CLR`) within **three (3) working days following official hospital discharge** (or within the consolidated 5-working-day case dossier if combined with a missed examination under `HBK-ACAD-PR-05` Clause 2.2).

SECTION 4: UNAPPROVED LATE SUBMISSION PENALTIES AND MARK DEDUCTION SCHEDULE

Clause 4.1 (5% Daily Penalty for Unapproved Late Submissions): Where a student submits coursework after the published deadline (or after an approved extended deadline) without a valid, approved extension, the submission shall be subject to a mandatory penalty deduction of **five percentage points (5% of the total available 100 marks) for each working day** (or part thereof) that the submission is late, up to a maximum of **five (5) working days**.

Clause 4.2 (Penalty Floor and Day-6 Zero Mark Cut-Off): For submissions made within the 5-working-day late window, the late penalty cannot reduce a passing piece of work below the statutory Pass Mark of **40%**. However, any coursework submitted more than **five (5) working days (120 working hours)** after the deadline without an approved extension shall be rejected by the LMS and awarded an automatic mark of **zero percent (0% — Non-Submission Fail)**.

Table 4.1: Statutory Late Submission Penalty Schedule (2025 Rules vs. Approved Medical Extension)

Submission Timing After Deadline	Unapproved Late Penalty Deduction	Example: Raw Mark 72% becomes	Example: Raw Mark 48% becomes	Status with Approved Medical Extension
On Time (Before 23:59 Due Date)	0% Deduction	72% (Distinction/First)	48% (Pass)	72% / 48% (Full Raw Mark Awarded)
1 Working Day Late (0–24 hrs)	-5 Percentage Points (-5%)	67% (Merit)	43% (Pass)	Full Raw Mark Awarded (No Penalty)
2 Working Days Late (24–48 hrs)	-10 Percentage Points (-10%)	62% (Merit)	40% (Floored at Pass Mark 40%)	Full Raw Mark Awarded (No Penalty)
3 Working Days Late (48–72 hrs)	-15 Percentage Points (-15%)	57% (Pass)	40% (Floored at Pass Mark 40%)	Full Raw Mark Awarded (No Penalty)
4 Working Days Late (72–96 hrs)	-20 Percentage Points (-20%)	52% (Pass)	40% (Floored at Pass Mark 40%)	Full Raw Mark Awarded (No Penalty)
5 Working Days Late (96–120 hrs)	-25 Percentage Points (-25%)	47% (Pass)	40% (Floored at Pass Mark 40%)	Full Raw Mark Awarded (No Penalty)
More than 5 Working Days Late (>5 Days)	100% Penalty (Submission Closed)	0% (Automatic Fail - NS)	0% (Automatic Fail - NS)	Full Raw Mark if within Tier 2/3 Extension

SECTION 5: IN-CLASS QUIZZES, GROUP PROJECTS, AND TECHNICAL FAILURES

Clause 5.1 (Missed In-Class Tests and Synchronous Quizzes): Because synchronous in-class tests cannot receive standard deadline extensions, a student who misses a scheduled in-class test due to documented medical incapacity must submit **Form EXT-03B** within **five (5) working days**. Where the test carries a module weighting of **15% or less**, the Head of Department may authorize a *Pro-Rata Weighting Transfer* to the Final Examination. Where the test carries a weighting exceeding **15%**, the department must schedule a Supervised Make-Up Test during Week 14.

Clause 5.2 (Group Project Deliverables and Presentations): Medical incapacity of one group member does not automatically extend the deadline for the entire group. Remaining healthy group members must submit their collective deliverable on time and are assessed without penalty. The hospitalized student is assessed individually on their documented repository/commit contributions and completes an individual *Deferred Viva/Presentation* within 10 working days of hospital discharge.

Clause 5.3 (Non-Medical Technical Failures): Personal laptop crashes, corrupted USB drives, forgotten Git pushes, or last-minute home Wi-Fi outages do not constitute valid grounds for coursework extensions. Students are required to maintain continuous cloud/Git backups throughout the semester.

Table 5.1: Assessment-Specific Medical Remediation Procedures

Assessment Type	Module Weight	Standard Medical Remedy	Required Form & Timeline	Grading Treatment
Individual Essay / Report / Code	Any Weight	Tier 1 (1–3d), Tier 2 (4–7d), or Tier 3 (8–14d) Extension	Form EXT-03A/B/C (24h prior or 3d post-discharge)	Uncapped (100% Max Mark)
In-Class Quiz / Short Test	<= 15% Weight	Pro-Rata Weighting Transfer to Final Exam or Make-Up Quiz	Form EXT-03B within 5 working days of missed quiz	Uncapped pro-rata calculation
Mid-Semester Written Test	> 15% Weight	Mandatory Supervised Make-Up Test in Teaching Week 14	Form EXT-03B + Form MED-04-CLR within 5 working days	Uncapped (100% Max Mark)
Group Project Presentation / Viva	Any Weight	Healthy members present on time; hospitalized student sits Individual Make-Up Viva	Form EXT-03C within 3 working days of discharge	Individual component uncapped; group unpenalized

POLICY CONFLICT & SUPERSESSION NOTICE (2025 vs. 2023 HANDBOOK)
Conflict Alert #3 & #4: Legacy Clauses 5.3 and 5.4 of the 2023 Student Handbook (HBK-ACAD-PR-05 v1.8) state that (a) late coursework is penalized at 2% per day for up to 10 days, and (b) module lecturers can personally approve 21-day extensions. Both legacy rules are REVOKED. Under POL-ACAD-CW-03 v3.0 (2025), the late penalty is 5% per working day up to 5 days (0% after Day 5), Module Leaders may grant at most 3 working days, and the maximum extension is 14 calendar days via the Faculty EC Panel.
